PERSONAL PROFILE

Final-year Informatics student at UIN Sunan Kalijaga with hands-on experience in web, mobile, and system support. Skilled in Kotlin, JavaScript, TypeScript, React.js, Next.js, Laravel, Android development, WordPress maintenance, and RESTful API integration. Interested in building user-centered digital products as a Full Stack or Mobile Developer.

SKILLS

Programming & Web: Kotlin, JavaScript, TypeScript, HTML, CSS, React.js, Next.js, Laravel, WordPress, Flask API

Mobile Development: Android Studio, MVVM, Clean Architecture, Jetpack Compose, Firebase

Tools & Workflow: Git, GitHub, VSCode, Vite, Webpack, RESTful API Integration, C# Requirement Analysis

PROFESSIONAL EXPERIENCE

295 Solution - Intern Programmer

Nov 2025 - Apr 2026

- Improved and maintained the company WordPress website by updating page structure, visual presentation, and content/UI quality.
- Supported requirement analysis and development planning for internal CRM & ACM systems and a C#-based gate parking system.

Wesclic - Web Developer Intern

Aug 2025 - Nov 2025

- Fixed bugs in Next.js and React.js applications within an Agile Scrum development workflow.
- Implemented responsive UI designs into Laravel-based web pages.

EDUCATION

UIN Sunan Kalijaga Yogyakarta - S1 Informatics

2022 - 2026

GPA: 3.73/4.00

- Built a foundation in operating systems, computer security, artificial intelligence, algorithm theory, programming, and database design.
- Completed academic software projects involving software development, database modeling, and human-computer interaction.
- Developed a web-based thesis project for MySQL DDL optimization using Gemini API, featuring structured schema analysis, AI-generated recommendations, suggestion review, SQL diff preview, Docker Sandbox validation, AI self-correction, and downloadable optimized SQL output.

Coding Camp powered by DBS Foundation - Front-End & Back-End Developer

Feb 2025 - Jul 2025

[Link Certificate](#)

- Completed a full-stack web development learning path covering HTML, CSS, JavaScript, Git/GitHub, Node.js, RESTful APIs, and Web APIs.
- Built responsive front-end applications using browser storage, asynchronous JavaScript, accessibility principles, PWA concepts, and deployment workflows.
- Developed back-end applications in the form of RESTful APIs and completed a capstone project applying integrated front-end/back-end development practices.

Bangkit led by Google - Mobile Development Cohort

Sep 2024 - Dec 2024

[Link Certificate](#)

- Completed the Mobile Development path covering Basic Kotlin, Beginner Android, Android Fundamental, Intermediate Android, AI, and Applied Machine Learning for Android Developer.
- Built Android applications using Kotlin and Android Studio with Android components, UI, localization, background processing, media, sensors, location, database, testing, Firebase, and Jetpack Compose.
- Completed a capstone/final project while strengthening product development, portfolio readiness, and career development skills.

COMPETITION EXPERIENCE

3rd Winner - Mini Hackathon: Tech For Ummah, KI-PTKIN 2025

Jul 2025

[Link Certificate](#)

- Developed UsStuck, a web-based Islamic Q&A chatbot designed to help Gen Z users ask sensitive or socially uncomfortable questions about Islam in a private, non-judgmental interface.
- Focused the project on edutech and future learning by reducing barriers to asking questions about tauhid and fiqh while presenting answers in a more approachable digital format.

COMMITTEE EXPERIENCE

Himpunan Mahasiswa Informatika - Co-leader of HMIT

Jan 2024 - Jan 2025

- Coordinated cross-division activities and managed internal-external organizational communication.
- Led team meetings, planned academic events, and represented the organization to faculty and partners.

Study Club Informatika UIN Sunan Kalijaga - Leader of SCIT

Jan 2024 - Jan 2025

- Led a student technology learning community and organized weekly study sessions and coding workshops.
- Facilitated peer collaboration through project-based learning and discussions on algorithms, web, and mobile development.
